## First Mission Viejo High School Class Graduates 205

Two hundred and five young men and women comprising the first graduation class in the history of Mission Viejo High School received their diplomas on June 14.

Commencement exercises began at 8 p. m. in the grassy amphitheater adjacent to the music building on the high school campus.

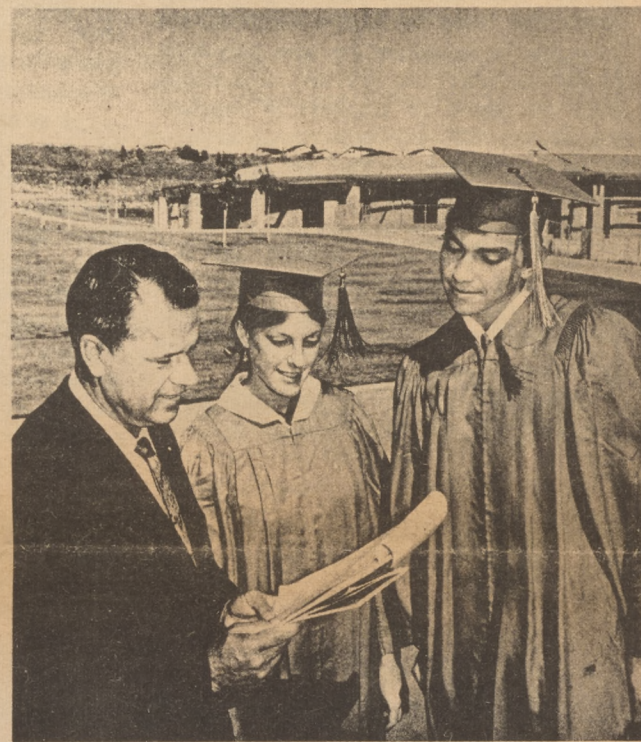

Valedictorians Betty Wailes and Chris Danforth shared the spotlight as they delivered commencement addresses. Miss Wailes spoke on "As We Saw It", and Mr. Danforth selected the topic "End Of A Beginning." Soloist Kandayce Smith sang "Climb Every Mountain" and

"Cantata Domine" was performed by the Mission Viejo Choir.

Principal Jay Ingall presided over the ceremonies while parents, friends, fellow students, and Tustin Union High School District Trustees and officers watched.

Burk Gossom, ASB Pres-

ident for 1968 led the audience in the "pledge of allegiance" and delivered a welcoming address. Hugh Pierson, Senior Class President introduced the two student speakers and Principal Jay Ingall presented the Class of 1968 and presented them with their diplomas.

The "all out" subscription campaign for the RANCHO REPORTER was answered last week by David Schmidt, age 11, of 26636 Portales Lane, Mission Viejo and Pat Murphy, age 13, of 26521 Granvia Drive, Mission Viejo.

David Schmidt's phone number is 837-6656 and Pat Murphy's phone number is

837-3047. These two young men are now the official circulation men representing the RANCHO REPORTER is Mission Viejo. Other circulation youngsters are encouraged to contact the local newspaper at 837-6500. If you are a resident of Mission Viejo and want to subscribe at this time you should call either David or Pat.

Carl E. Venstrom, pub-

lisher of the RANCHO REPORTER, explained this week that the newspaper had been sent free through the postal service, throughout its circulation area, since November of 1966, but that the high cost of mailing and printing, demands that the newspaper change into a paid circulation operation.

Venstrom said today that there was a postal hike

for mailing the newspaper made during January of 1968 and that another one is expected before the calendar year runs out. He said that the newspaper will not guarantee circulation to any resident that does not subscribe to the paper, and that within the near future only paid subscribers will receive the only local newspaper in the area.

EDITORIAL:

## Paid Circulation, A Necessity!

Several interested readers in this newspaper's circulation called our office this week asking why we were suddenly having a paid circulation drive. We are happy to explain.

It's merely a matter of economics. The publisher has been footing the bill of mailing the newspaper since November of 1966 to our community in hopes that if we showed we cared about the community, the community would show that they cared in having a local newspaper.

The paid circulation appeal has been made several times during the past year. Some local readers and people interested in having a local newspaper that is owned and controlled by a local publisher-owner volunteered and paid their subscriptions. We thank them.

But, unfortunately, many people that mean well are busy and feel that if they get a newspaper free, why pay for it? But the free ride is just about over. The little RANCHO REPORTER now has to stand on its own two feet. If the greater circulation community does not show its interest in supporting us, we will withdraw to an area — or to the readers — that are interested enough to support their only local newspaper.

Free enterprise is healthy and if a commodity is not wanted it does not sell and the owner merely closes shop or merges with a larger organization or changes its product.

This newspaper is privately owned and financed. If the circulation drive fails it has the choice of merging with a larger newspaper or changing strict-

ly into a shopper without any local news. The other alternative is to close shop and go somewhere else and publish.

Time will tell.

The staff here has tried hard to bring you the news about our people, our schools and our community. The amount of advertising determines the number of pages each week that we are able to publish.

The management feels that this is the time for the RANCHO REPORTER to grow and expand with the community. We have been consistently eight pages for some time now and plan, within the near future, to expand to twelve pages to better serve our community. And this growth costs money. Thus, we need paid circulation support.

The editorial, political philosophy of the RANCHO REPORTER is that of a moderate. The newspaper supports its public schools, its public institutions and its community. The newspaper will continue to fight for the advancement of its community.

A newspaper does not really belong to one person. It belongs to a community of which it is a part. The "Letters to the Editors" section is always open to our readers whether we agree with the letter or not.

As the national election draws closer we will have guest editorials written by people we thoroughly disagree with. We will do this because we believe in a democracy, a two party political system and freedom of speech. We will also continue to write our own editorials to run alongside those we disagree with.

We want the RANCHO REPORTER to continue to grow and take on its own local flavor. If you have any helpful ideas, let's hear from you.

In the meantime we hope you will see fit to support us by paid subscriptions.

### Pleased Subscriber

Dear Carl:

Enclosed, please find my check for \$4.00 to cover a one year subscription to your newspaper. I have intended to mail this check for some time and can only apologize for not doing so sooner.

I appreciate receiving the Rancho Reporter and look forward to reading it weekly. It is the only newspaper in the area that adequately reports all the happenings of the greater El Toro area. My hope is that others will realize your importance to a new community and will give you their support by subscribing to your newspaper.

I notice the absence of advertisements from the merchants of El Toro. It is hoped that they will support the Rancho Reporter and do themselves a favor by advertising in the most popular read newspaper in the area.

Thanks to you and to the rest of the staff for your tremendous contribution to this community. I wish you much success in the years to come.

Very truly yours,

ATHLETIC BATTER TOMMIE STEEL checks his swing in last weeks Saddleback Little League action in El Toro. The Athletics scored big in the late inning to down the Dodgers, 9-3.  
RANCHO REPORTER PHOTO

## Athletics Wip Dodgers 9-3; Angels, Sox Lead

By Dan Wooldridge

Lead by manager John Steel, and steady pitching by son Tommie, the Athletics of the Saddleback Little League crushed the Dodgers, 9-3, in major league action last week.

The Dodgers bolted into the lead with a single tally in the first, but the Athletics scored in the second to tie the game up. The A's scored 3 runs in the 5th and the valiant Dodgers like their Los Angeles name-sakes punched across one in their half of the inning.

Batting around in the 6th with 5 more runs to make it 9-3, the Athletics broke the game wide open. The winning pitcher was Tommie Steel and the losing pitcher Shane Stimson. The Athletics scored

9 runs on 9 hits with 1 error while the Dodgers scored 3 runs on 5 hits and 1 error.

Standings for the Saddleback Little League majors at this writing are: Angels and White Sox, 3-1; Athletics, 3-2; Giants, 2-2; Cards, 1-3; and Dodgers 1-4.

Saddleback play concludes on June 29 when the winner of the first half meets the victors of the second half for the league championship. Following league play an all-star team will be picked to represent Saddleback in further championship play.

## Young Agriculturists Offer Speakers On County Fair

Members of the 4-H Clubs and the Future Farmers of America have launched a program to acquaint business and civic groups of all kinds with youth participation in the annual Orange County Fair and Exposition, according to an announcement by Dr. John Knight of Fullerton, president of the 1968 Junior Livestock Auction Committee.

Knight said that a speakers' bureau has been set up to supply speakers to organizations requesting them. Presentations by the young speakers will include photos and colored slides of their Fair activities.

Members of the Future Farmers of America and 4-H Club groups throughout the county each year are actively involved in many aspects of the Orange County Fair and Exposition. A major program in which the young agriculturists take part is the annual Junior Livestock Auction, slated this year for Friday, July 19.

More than 350 animals are already scheduled to

be offered for sale at this year's Fair and Exposition, Knight revealed. This number tops last year's record of 344 entries. At the 1967 auction, 209 buyers purchased one or more animals for a new sales high of \$72,000. Individual price highs were also established last year.

Proceeds from the Junior Livestock Auction are used by the young participants to finance future agricul-

## Meet Your Neighbor Man With Many Names New Manager At ElToro Rentals

By Dan C. Wooldridge  
News Editor

Charlie, Chuck, Sham, and Bud are all nick-names for Charles Shampang, the new manager of the El Toro Rentals.

El Toro Rentals is a familiar name for local residents, but on May 18 new owners took over the business. J. R. McKervy, owner of the construction company of the same name purchased the business and installed Marine Corp veteran Charles Shampang as Manager.

Charles explained that in barely one month El Toro Rentals inventory has increased from \$8,000 to over \$13,000. This according to Shampang means greater ability to serve the communities' rental needs.

Included in the expanded inventory are hand tools, trailers, drills, saws, rotor-tillers, lawnmowers, edgers, and hundreds of other household and light industrial tools. Shampang said, "we are re-organizing to set El Toro Rentals up as a real rental yard with a complete supply of rental items."

Shampang is assisted by El Toro resident, Mike Webster, age fifteen, who is working full-time during the summer.

Charles Shampang grew up in up-state New York and lived there until 1952 when he joined the United States Marine Corp. Serving in Japan, Cherry Point, and El Toro the seven year Marine veteran specialized in electronics. However as Charlie put it,

"naturally I ended up working in embarkation rather than with planes."

Shampang has been married 12 years to the former Martha Lorenz of Orange, California. Mrs. Shampang attended Chapman College and currently runs a child care and day nursery business in Westminster. The Shampangs have two children; Cathy Lee, age six and Cheri Lynn, age four.

Chuck is an avid hunter and fisher with his proudest moment coming last year when he bagged a deer. The Utah born deer currently resides in the Shampang's home.

El Toro Rentals is located on Front St. near El Toro Road and carries a complete rental line plus fresh eggs and garden supplies. Bank of America and

Master Charge cards are accepted and Mr. Shampang invites residents to drop by and enjoy a cup of coffee and browse.

## U.S. Fit To Lead World: Nobel Prize Winner

America must lead the world into the 21st Century if there is to be a real 21st century for humanity, a physicist and Nobel Prize winner bluntly told an audience from a University Extension lecture platform at UCI this week.

Dr. Isidor I. Rabi, professor emeritus at Columbia University and one of the developers of radar and the atomic bomb, also predicted that English will soon become a universal second language.

Dr. Rabi spoke on Science and National Vigor in the first of three lectures on Science and Public Policy he is giving at UCI.

"Europe would seem to be a natural to undertake the task of leading the world community, the white-haired Austrian-born scientist said.

"But Europe still hasn't assimilated herself enough to take her place in the present century, much less lead the world into the future."

"Russia is far too doctrinaire. If anything, she is trying to imitate us."

America's scientific leadership plays a major role in making her the one suitable candidate for world leadership, said Dr. Rabi, a member of numerous national and international scientific groups. But this scientific leadership came about only during the second quarter of this century, he noted.

"However, we must export not just gimmicks", Dr. Rabi noted, emphasizing the need for moral as well as scientific leadership.

## SJC Enrollment May Exceed Predictions

Enrollment for Saddleback College's first year continue to rocket higher and higher with school authorities beginning to feel early guesses over enrollment were too low.

Total Saddleback registration for full-time students rests at 742 with classes not starting for three months. Last Wed-

nesday 84 students pre-registered at Mission Viejo High School according to Mr. M. Bud Weber, Associate Dean of Students.

Students interested in attending Saddleback should visit the offices of the college at 25001 La Paz Road, adjacent to the high school in Mission Viejo.

"Los Borachos" cups will be awarded in the Championship Flight.

## Old-Timer Urges Area Club Council

By McKay Mitchell  
Rancho Reporter Columnist  
Looking back the past

3½ years and seeing the area population increase from a few hundred to over 21,000 people, it has been our observation that we are of a gregarious nature.

Every week in the Rancho Reporter there are items about the activities of a club or association.

They run the gamut from P. T. A. through University — from service clubs to Toastmasters — from home town to state associations from biased political clubs to trade and business associations.

The objective of all are to get something worthwhile done and to improve the community. Each going their way is good, but if there were some central clearing area the combined efforts would be more fruitful than now.

In the Old Folks Home (I am an inmate and may call it that — but don't you) there are over 100 clubs and more every day.

There has been set up from the time of opening, a Presidents Council, which meets monthly. This is a built-in grapevine to pass out information, for the Presidents to take back to their groups a report of what was discussed.

Perhaps something like this is in order for the El Toro — La Paz area. There are many mutual problems that could be solved. Let me know what you think of such an association.

Children's Home Society was founded in Los Angeles on December 10, 1891, by Dr. and Mrs. J. R. Townsend. While serving as missionaries in Jamaica, the Townsends lost their only son. Out of their loss grew a determination to help children without families find happy, normal homes. On returning to the United States, the Townsends accomplished their goal by establishing the Children's Home Society of California.

## SUMMER JOBS FOR LOCAL YOUTH STILL BEING OFFERED

The response from our local youth to sell subscriptions for the Rancho Reporter this summer has been very good to date, but there is still more vacancies to be filled. Children in the Capistrano Highlands development are needed. We have not heard from any aspiring junior salesmen in University Park. We can use more boys and girls from El Toro and Mission Viejo to service the developments in these two areas. For every \$4.00 subscription sold, the child who made the sale will receive 50 cents.

### Parents Needed
